Please read these notes carefully before completing this form:

1. THE OBJECTS OF THIS INSTITUTION: are to advance knowledge of Diesel, Gas and Dual-fuel reciprocating engines, gas turbines and related subjects and their applications and products, including their operation and maintenance, and to promote the exchange of information and ideas on these subjects amongst the members of the Institution and otherwise and with particular emphasis on the interests of users.
2. WHO MAY BECOME A CORPORATE MEMBER: Individuals who can satisfy the council of their direct concern in diesel, gas or dual-fuel reciprocating engines, gas turbines, their associated equipment or applications. Whilst formal academic or professional qualifications will be of interest to the Council in assessing applications for Corporate Membership, they are not essential. Council will be looking for experience over a significant period of time and in a responsible position covering any aspect of the institution's interest.
3. ELECTION TO CORPORATE MEMBERSHIP: New Corporate Members are elected by the council on the basis of an application on this form, duly signed by the applicant, the proposer and the seconder.
4. ENTRY FEES: There is an application entry fee of C\$40.00 payable on submission of an application for Corporate Membership. This will be refunded if unsuccessful.
5. ANNUAL SUBSCRIPTIONS: (Payable annually) Corporate Members Year 2004 C\$116.00
*Company Membership C\$465.00. Company membership allows up to 5 people from the same company to join at a preferred rate. Only one of the 5 members will have a vote. All 5 members will receive The Power Engineer journal as well as preferred rates and services for seminars and outings. All applicants must complete an application form
6. THE POWER ENGINEER: Each member shall be supplied with one copy of each issue and shall be entitled to purchase additional copies, subject to availability, at a price determined by the council.
